SALAMANCA CENTRAL  
HIGH SCHOOL

SALAMANCA, NEW YORK

VOLUME 40

"GIVE TO ALL NATIONS, UNITY,

Courtesy of the New York Convention and Visitors Bureau

# PEACE, AND CONCORD”

This year, as in those past, the Seneca staff attempts to capture the memorable events of the school year. To achieve this, we must put forth a united effort. Each staff: literary, typing, layout, or business, is a section that is important in itself, but only when united with the others can each achieve its completeness and solidity.

We are living in a world that is becoming increasingly aware of the need for unity, both within a nation and among nations. A united country presents a much better attitude toward its problems. Nations working in agreement have a much stronger position in the world today.

We hope that you, the readers, will be united in your approval of the 1965 Seneca.

# TO UNDERSTAND—

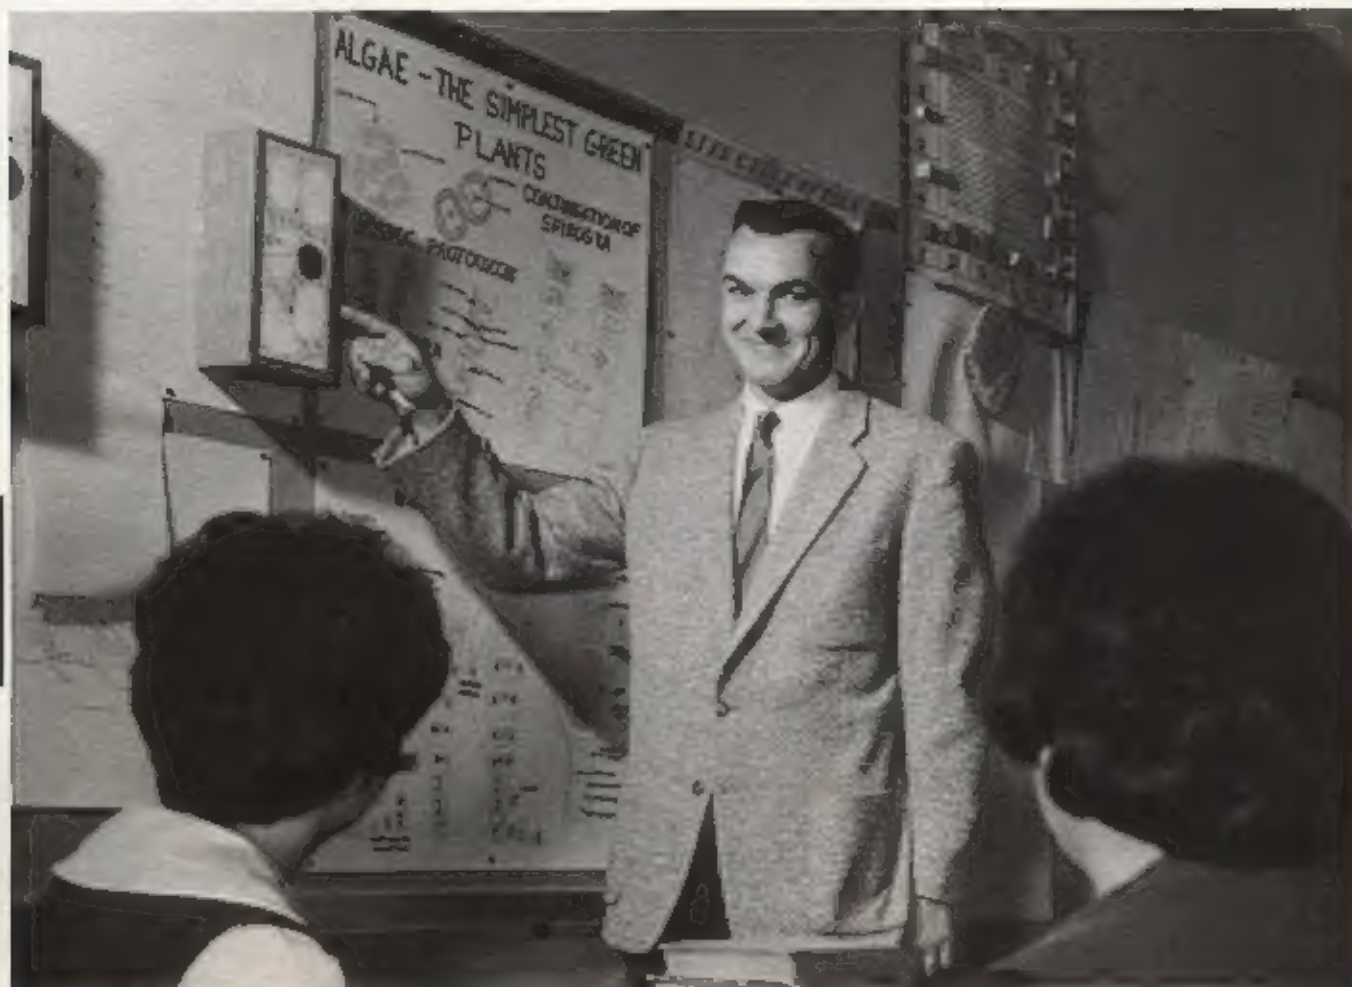

One of the newer members of Biology class enjoys a snack.

Patient, understanding, friendly,—these only begin to describe our Mr. Pavlock. As our seventh grade science teacher, he introduced us to the principles of scientific learning. We were surprised and also happy when he taught eighth grade the following year. During our Sophomore year, Biology offered us new challenges. We were ready to accept these under the guidance of Mr. Pavlock.

No class of his could be dull. He brought out the best in all of us. There was some rare form of close communication between teacher and student, a feeling of belonging.

To you, Mr. Pavlock, with respect and pride, we dedicate our yearbook.

"Would you believe that this plant cell was once a shoe-box?" Student projects are an efficient aid to instruction.

# EDUCATION

"A world of knowledge at their fingertips, the future of the world in their hands..."

# EXCELLENCE BEGINS HERE

**Standing**—Mr Vernon Campbell, Mr George Stewart, Mr Donald Wing, Superintendent of Schools, Mr Donald Rhodes, Vice President; Mr. Herbert Myers, President. **Seated**—Miss Lillian Bayer, Clerk; Mrs William Bargy, Miss Esther McCabe. **Absent**—Mrs. William Zimmerman.

## Board of Education

Presided over by Herbert C. Myers, the Salamanca Board of Education seeks excellence and equality in education for students, not only the high school, but also the several grade schools in the district.

This year, the School Board has the job of selecting a new Superintendent of Schools to follow Donald H. Wing, who has capably guided our schools for eight years. In addition, the Board is supervising the building of a new school to replace the Ward I and the Allegany Indian School.

And still it must carry on all its other normal duties of operating a million dollar plant. It is concerned with the physical aspects of education and the human factors involved.

The task is divided among the standing committees.

### Finance Committee:

Donald M. Rhodes, Vernon T. Campbell, Ethel Zimmerman.

### Transportation:

Vernon T. Campbell, George M. Stewart, Ester McCabe.

### Teachers:

Ester McCabe, Pauline Bargy, Ethel Zimmerman.

### Purchasing:

Ethel Zimmerman, George M. Stewart, Pauline Bargy.

### Insurance:

Pauline Bargy, Vernon T. Campbell, Donald M. Rhodes.

### Building and Grounds:

George M. Stewart, Donald M. Rhodes, Esther McCabe.

First named person is chairman of the committee.

Mr Myers and Mr Rhodes discuss items on the agenda.

## Faculty and Students:

During the eight years that I have been your superintendent of schools I have thoroughly enjoyed my associations with the students and the faculty of the Salamanca City Central School System.

In the five school districts that I have served during the past thirty-eight years, I have found no students more courteous, more friendly, nor more cooperative with the administration. It has been a pleasure working with you.

It is pure coincidence that in this, my last year, we have the largest graduating class in the history of Sally High, I hope also that there will be the largest number of Regents College Scholarships, other scholarships, and the largest number entering college next fall and staying to graduation.

Looking back to the day that I decided that my career was to be in education, I know now it was the right decision. Nowhere else could I have had the satisfactions that I have had in this profession. I recommend it to students who are still seeking a career for themselves.

Sincerely,  
Donald H. Wing

*Best math teacher  
J.M. Monighan*

Mathematics in our school today is treated as a science, a language, and an art. The math program in our school offers a wide selection of courses to help the student understand the meaning of these three categories more clearly.

As a science, mathematics deals with number, form, magnitude and position. Various courses in our curriculum help the student to understand the different relationships among them. As a language, mathematics provides a method of expressing these relationships and performing computations. Today's computers tend to play an important part in this phase of mathematics. Only after a student leaves school and uses mathematics in his chosen field does it become an art. Art is the skill of using a principle needed whenever the need arises.

Salamanca Central High School, in its effort to produce capable leaders of tomorrow, does not limit mathematical ideas to the math class alone. Instead, through the Math Department, students are encouraged to apply the principles of reasoning, concentration, and adaptability to all phases of learning.

Biology

Science has assumed a great role in our modern world. New technological breakthroughs occur every day. To keep pace with our changing world, our science department has been modernized.

The goals of the science department are ambitious but realistic. It strives to develop a better understanding of the natural and physical world. It attempts, through laboratory work, to show the methods used in science. It teaches the students about their bodies and how to take care of them. Furthermore, it strives to create interest in a career in science.

These are the objectives of the science department, whether it be at the Junior High level, where generality is stressed, or at the Senior High level where some degree of specialization is attempted.

"Language is the memory of the human race." Through language, we are able to pass on ideas and beliefs from generation to generation. Language is our means of communication. Without it, we could not express our feelings and emotions.

The study of English helps us to become more proficient in the use of our native language. Through this study, we learn the origins and development of English through the centuries. A thorough knowledge of English vocabulary, grammar, and usage enables us to appreciate great literary works of the past and to enjoy those of the present.

Latin is the classical language from which are derived many modern languages. The study of Latin affords an insight into the culture and civilization which has so greatly affected our own. Since so many English words come from Latin roots, an acquaintance with Latin helps in our understanding of English.

As the world becomes smaller through increased technological advances, foreign countries seem closer than ever. To broaden our interests, it is worthwhile to learn about languages and people whom we may never have the opportunity to know. To achieve these goals, our school offers both French and Spanish programs.

Mr. Buffamante affably explains life during the  
Middle Ages to his World History students.

The History Department is very important to every student. It is in these classes that he learns to evaluate many problems by looking at the past and comparing similar situations with the present. He also learns about various types of government and how to use such tools as maps, charts, graphs, newspapers, and other means of communication. The course enables him to make intelligent conclusions through reasoning, and most importantly, he learns how to become an informed citizen, so that he can contribute to society.

The Business Department consists of four areas of skills. Bookkeeping, Office Practice, Stenography, and Distributive Education. The successful completion of Bookkeeping should equip a student to accept a beginning bookkeeping-clerical position upon graduation. Bookkeeping also stimulates an interest in professional accountancy as a career.

One of the greatest number of employment opportunities in offices is in the clerical area. Typing and office practice courses enable a student to become proficient in this area. After completing this program, a student should be able to pass the Civil Service Test for Clerk-Typist or Typist. The need for capable stenographers and receptionists is great. Participation in the secretarial courses stimulates interested students to attend business schools for advanced training.

The Distributive Education Department enables students to gain practical experience and earn money in part-time positions while still in school. Because of the wide range and large number of job opportunities in retail, wholesale, and service establishments, students with widely varying abilities can benefit from this curriculum. The conscientious student whose ability is above average may become a trainee for a managerial position with many chain stores upon completion of this program and graduation from school.

# LIBRARY

## LIBRARY THE KEY TO INFORMATION

The library is the center of the educational life of the school. In the library we instruct pupils how and where to find books and magazines, how to select them and use them effectively. The library provides the students need for references, research and leisure reading. It encourages students to develop the habits of reading and enjoying worthwhile books and magazines.

It has been said, "the person who knows how and where to find what he wants to know is the person best equipped to meet his own demands and those of the world around him."

Results in sewing are achieved by  
Mrs. Laidlaw's helpful hints.

The homemaking education program prepares individuals to think creatively and scientifically to solve personal and home living problems, and to provide opportunity for gaining basic knowledge and skills helpful in assuming the responsibility of home and family living.

Through the homemaking program, abilities are developed that help individuals to make wise decisions regarding the use of human and material resources and to apply principles of the physical and social sciences and the arts to problems of everyday family and community living.

Homemaking education is important in building the kinds of homes essential to the strength of a democratic society

## ART

The Art Department offers a wide variety in the choice of courses, such as basic art, oil painting, and crafts, and the chance to develop our skills or, in some cases, to discover an unexpected talent.

We are very much aware of our Art Department when we see the elaborate decorations and paintings that adorn our halls during the Christmas season.

Another feature of the department is the display of art work and paintings to which the public is invited at the end of the school year.

Mr. Maroney and Mr. Nazaro strive to teach their students poise, cooperation, concentration, musicianship, and a love for good music, both contemporary and classical.

The student who chooses to major in Music must take Theory of Music I, II, and III in his first three years and Band or Chorus his senior year. Courses are also offered in Music Appreciation and Music History.

Members of the musical groups, both instrumental and vocal, bring back many ribbons each year from such competitions as All State, All County, and several solo contests. The band and the choruses prepare music programs which provide a chance for the community to observe and to enjoy the progress made by the Music Department.

The Industrial Arts Department, headed by Mr. Joseph Horney, has many definite and worthwhile objectives aimed at benefitting students in both Junior and Senior High School. The students gain knowledge as well as skill by learning the operation of the various industrial machines, and the use of modern materials.

This department offers an excellent opportunity to students planning a career in Industrial Science to receive background material, and it affords all boys the opportunity to begin hobbies that will give them pleasure for many years. The value of the experiences gained in Industrial Arts is measureless.

# DRIVER EDUCATION

With more cars and more drivers than ever before, driving requires more and more skill. We can teach these required skills very effectively in dual controlled cars.

But more importantly, if we are to be competent, skilled drivers, we must possess certain attitudes, emotional control, and a mature sense of responsibility. Instilling in our new drivers the qualities that go with driving—good judgement, good sportsmanship, foresight, alertness, controlled attention, and consideration for others can best be done in a classroom backed by visual aids, up-to-date textbooks, as well as on the road practice.

State laws regarding motor vehicle operation, care and maintenance, insurance, accident reporting, physical condition of the driver, and natural laws and how they affect motor vehicles are all considered part of our well-rounded Driver Education program.

The gym in Salamanca High School is one of the most beautiful and best equipped in the county. The students have the opportunity to use the trampoline, spring board, and horse. For the first time, the girls now have parallel bars and the balance beam for their use. Intramural sports such as volleyball, basketball, and archery are encouraged. Play days at which different schools play against each other, are held throughout the year.

The greatest thing about our physical education program is the seventy-five foot swimming pool. Instruction is given throughout the year.

The physical education department is working very hard to make the late President Kennedy's physical fitness program a success, and they are succeeding.

Basketball plays an important part in our physical fitness program.

# OFFICE STAFFS

**Standing**—Mrs. La-Rue Barnes, Account Clerk; Joseph A Greer, Business Manager; Mrs. Willard H Opferbeck, Clerk  
**Seated**—Mrs. Lillian V Beyer, Secretary to Superintendent.

Quite often, the office staffs, which do a great deal to help keep the school in working order, are forgotten by the students. The secretaries take care of all paper work and correspondence for the superintendent, the principals, and the guidance counselors, while Mr. Greer, the business manager, arranges the budget. These people, among other things, order supplies, make out all checks, and keep all records. Thanks to the office staffs, Salamanca Central High School runs efficiently and smoothly

Mrs. Walter Bloom, Secretary to High School Principal; Mrs. Robert Arrowsmith, Secretary in Guidance Office; Mrs. Victor Skiba, Secretary to Junior High Principal.

**CUSTODIANS**—Walter Bloom, James Keech, Willis Wier, Henry Puvel

## CUSTODIANS

Custodians have to be engineers in our new building. They not only maintain miles of electrical cable, but they must also be heating engineers and repairmen extraordinary to fix jammed lockers, broken windows, and lost door knobs. In addition to this, they are responsible for the maintenance of the building from chipped paint to waxed floors. Outside, winter and summer, they plow, prune, and mow to keep the grounds and landscaping beautiful. When the custodian lowers the flag each day we know our day is over, but another shift of custodians is about to begin the round the clock battle to make our physical plant the best in the area.

**CAFETERIA STAFF**—Mrs. Ethel Jacobs, Mrs. Catherine Engel, Mrs. Ruth Button, Mrs. Wanda Wymer, Mrs. Mary Prigg, Mrs. Margaret Emborsky, Mrs. Mildred Boyer, Mrs. Minnie Dolecki, Miss Barbara Grisanti—Dietitian

## CAFETERIA STAFF

Each day before classes begin, our cafeteria staff begins to prepare the noon meals. There are three types which they must fix: the main lunch, the alternate soup and sandwich meal, and the faculty lunch. Our dietitian has the training task of planning well balanced meals with the proper nutrients.

Each day between 475 and 525 students buy lunches. About 180,000 bottles of milk are sold during the school year. Each time chicken is served, nearly 1850 pieces must be fried, totaling 300 pounds. Pizza rates as one of the most popular lunches. It appeared on the menu this year about ten times, and every time nearly 1000 pizzas were baked. Cake is a favorite dessert with the students. The cafeteria staff baked between forty and fifty pounds of it each time it was served.

## BUS DRIVERS

Our bus drivers play a vital role in our school system. These dependable men transport students daily to and from school. In addition, they drive spectators to football and basketball games and transport players to other schools to participate in athletic events. The natural enthusiasm of the riders makes bus driving harrowing at times. We are sorry that they couldn't get together for their picture.

# The Heart of Our School Begins Here

Shop is a new experience for many seventh grade boys

Junior High School—what is it? It certainly isn't grade school, but it's not quite high school. Because both junior and senior high are in the same building, junior high students are expected to act and think like those in senior high. Junior high might be termed a confusing time, a time of painful transition, but what better way is there to discover new interests, learn how to get along with people, and, in general, get ready for adult life.

Puzzling as it may seem, junior high school plays an important part in our educational development.

Michael Metka  
1949—1964

"Oh, may I join the choir invisible  
Of those immortal dead who live again  
In minds made better by their presence, live  
In pulses stirred to generosity  
In deeds of daring rectitude,  
Whose music is the gladness of the world."

## ZeZe — Our Guest — Our Friend

Students discover new attitudes toward world problems

Our foreign exchange student this year was Maria José Jorge Pinheiro or "Zeze." Coming from Bauru in southern Brazil, Maria has two sisters and one brother. Taking advantage of the first snow she had ever seen, Zeze learned to ski at Holiday Valley. She delighted the audience at the National Honor Society assembly when she was made an honorary member, with her version of "The Boy from Impanema" sung in Portuguese.

When Zeze returns to Brazil, she plans to attend college to become an English teacher. Zeze spoke to community groups and wrote articles for the Warrior. This helped us acquire a better understanding of our Latin American neighbors. The Class of 1965 was proud to have had such a warm and friendly person as Maria as one of its members, and will never forget her.

Zeze finds a new hobby with helpful instructors.

An interest in nursing is the only requirement for membership in the Future Nurses Club. The club is open to any girl in grades 9-12. At regular meetings on the first and third Tuesdays of each month, the girls are taught elementary first aid. They also see movies depicting the duties and responsibilities of a nurse. During the year, they visit a hospital that has a School of Nursing. While there, they have an opportunity to talk to Student Nurses and to tour parts of the hospital. President—Linda Andrews, Vice President—Faye Barhite, Secretary—Michelle Forness, Treasurer—Judy Berrile, Faculty Adviser—Mrs. Ward.

## DENTAL STUDY GROUP

The Dental Study Group is a two year program for high school girls who are interested in a career as a dental assistant of a dental hygienist. It aims to familiarize its members with dental terminology, dental office procedure, dental health education, and the duties of the dental assistant and the dental hygienist. The faculty advisor is Mrs DeVille.

## FUTURE TEACHERS OF AMERICA

Future Teachers of America is an organization composed of juniors and seniors who plan to make teaching their career

The Floy Hotchkiss Chapter, under the guidance of Mrs. Fred Elsen, had a successful year. Members served as guides for Open House and visited a nearby college. Senior members ordered FTA pins and taught classes for one day in the spring. During Teacher Recognition Week, the club held its annual tea for the teachers in the Junior and Senior High wings.

The Future Teachers Club helps students learn more about teaching and enables them to cultivate qualities necessary for good teachers. President — Barbara Pavlock, Vice President — Martin Dale Rogers, Secretary — Jane Spako, Treasurer — Beth Drone.

# NATIONAL HONOR SOCIETY

**NATIONAL HONOR SOCIETY—Back row—**Diane McLaren, Ann Dye, Sue Oyler, Patti Bierfeldt, John Sartori, Tim Baird, John Boyer, Sue Long, Wayne Drake, Matt Weber, Bridgett Davis, Sylvia Gongol, Barbara Pavlock **Front row—**Mrs. Mallan, Adviser; Donna Dowiasz, Tom Blehar, Joe Kryniski, Linda Askey, Jayne Fenton, Carol Ball, Joyce Fisher **Absent—**Jim Dolecki, Terri John, William Nichols, Robert Scharf, Marsha Woodarek.

The National Honor Society was created to give recognition to those high school students who have been outstanding in character, scholarship, leadership, and service.

The basic requirement for membership is an 85% average for three years of high school, in addition to the four characteristics. Because of its high standards, membership in the National Honor Society is the greatest academic distinction a student may attain and is a worthwhile goal for all high school students.

Members of the club participated in two annual assemblies: the induction assembly in the fall and the tapping assembly the following spring.

National Honor Society provides an incentive for freshmen and sophomores to keep their grades high for future membership. President—Tom Blehar; Vice President—Joe Kryniski; Secretary—Linda Askey; Treasurer—Jayne Fenton, Faculty Adviser—Mrs. Mallan.

# STUDENT GOVERNMENT

**Front row-** Jayne Fenton, Linda Askey, Anne Ambuske, Jim Poole, Mrs Forness, Advisor

The purpose of student government is to provide a liaison between the faculty and the student body and to plan and supervise such school activities as pep assemblies, dances, and charity drives.

The Junior High Student Council, with Mr. Theodore Kochan as advisor, in addition to raising money for Junior High activities, familiarizes and trains the future leaders of the Senior High Student Council with parliamentary democracy.

The Senior High Student Council is composed of all presidents of classes, clubs, and organizations affiliated with the school, four other Senior class representatives, and two other representatives from each class.

The activities of the Student Council are many and varied. Its most important responsibility is sponsoring the foreign exchange program conducted by the American Field Service. Under this program, a foreign exchange student is sent to live in Salamanca with a foster family. In return, we may send one of our Seniors to a foreign country for one year of study. In addition, the council selects the Boy and the Girl of the month and of the year. It sponsors dances, candy sales, and other activities to raise money.

## WARRIOR

The news of and about Sally High is brought to the student body and to the community by the Warrior, our school paper. It is published ten times a year by the Warrior staff and the journalism class. Preparing articles for print teaches reporters valuable journalism skills in addition to serving as an outlet for the news. The Warrior staff is composed of six staffs. The editor and assistant editor are in charge of the general management of the paper, assigning stories, gathering news, and deciding what will appear in each issue. The exchange editor reads papers from other schools to find fresh new ideas to brighten up the Warrior. The photography staff gains experience by taking and developing pictures for each issue. The sports staff covers Varsity and JV events and girls intramurals. The mound of typing for each issue is done by the typing staff. The important job of selling advertising space in the Warrior falls to the business staff. The Junior High news is reported by the Junior High division of the Warrior which is a model of the Senior High staff. Saint Bonaventure's Press Day, which is held each spring, gives the Warrior a chance to compete with other high school papers. Preparation of stories for this event is a highlight of each year for the Warrior staff and reporters.

# SENECA

**Heads of Staff**—Allen Stephens, Business; Barbara Pavlock, Literary; Donna Dowlass, Typing; Miss Mohr, Adviser; Jayne Fenton, Associate Editor; Bridgett, Editor; Linda Askey, Layout.

Each year the Senior Class of Salamanca High School publishes an annual of the year's events and personalities.

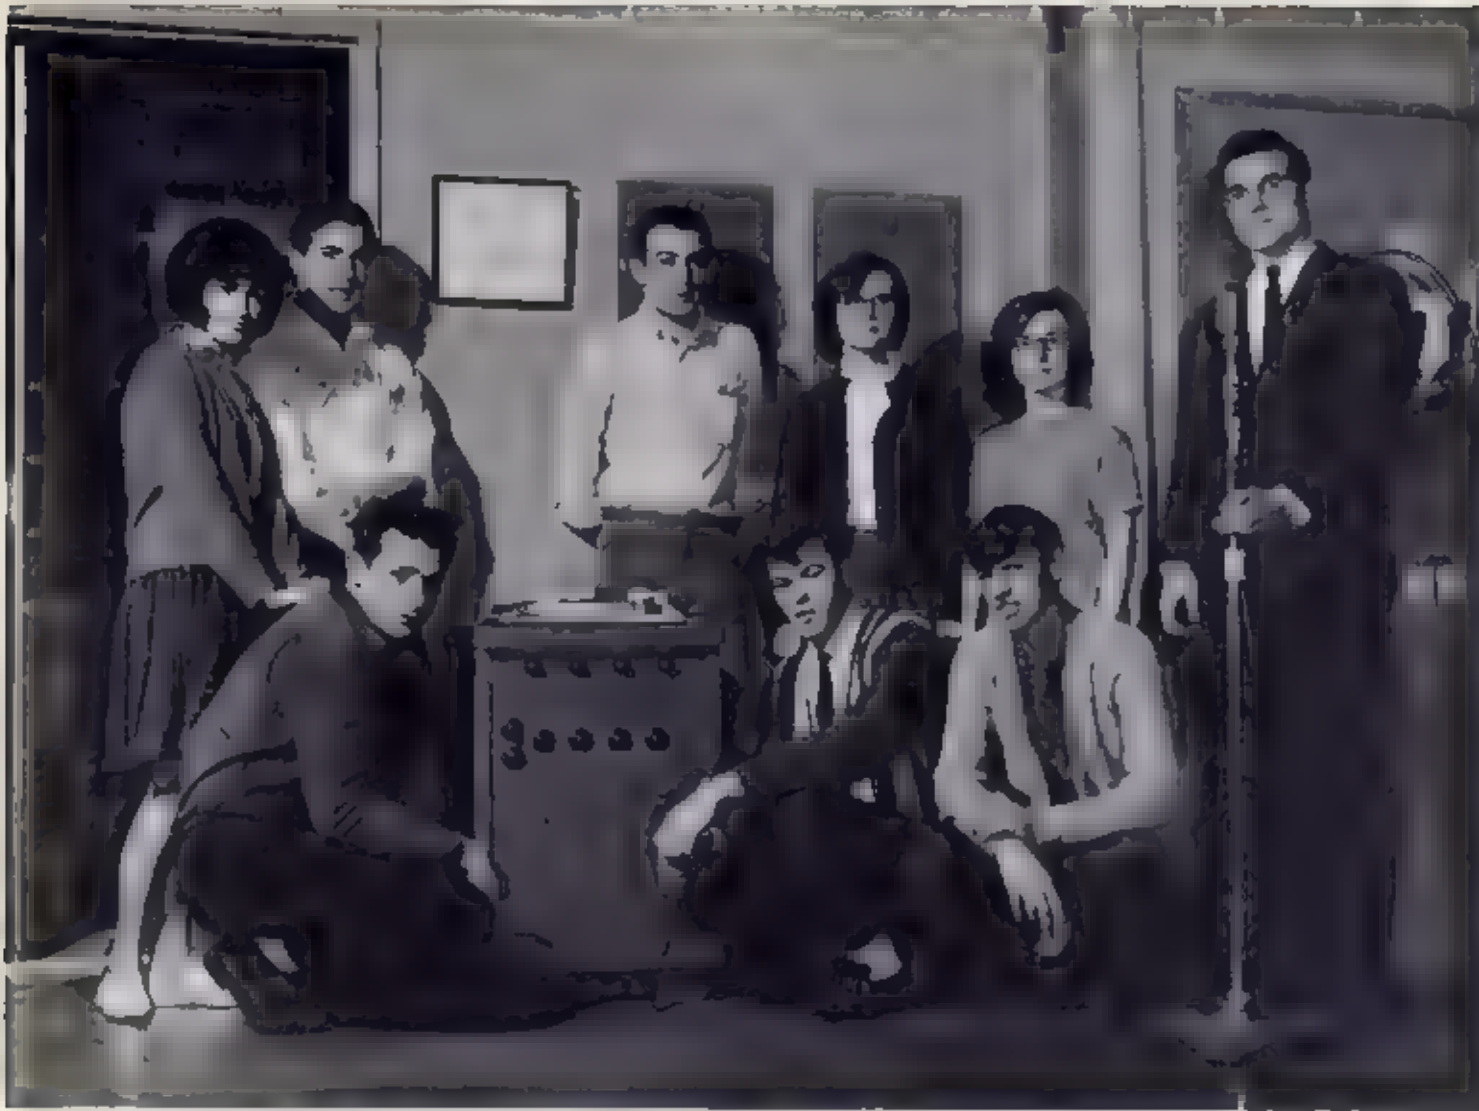

The Seneca Staff, composed of interested and qualified Seniors recommended by the faculty and the principal, faces the awesome task of editing this yearbook. They are kept hard at work, writing the descriptions of the various organizations and departments, planning the layout, canvassing the student body for subscriptions, arranging for photographs, and in general, attempting to meet deadlines.

Thomas Nazaro—Director

The Salamanca High School Band, under the direction of Mr. Thomas Nazaro, was seen this year wearing new snappy red blazers at some of its performances. The band worked hard to earn the money to buy them

The band participates in many activities throughout the year. It can be seen at pep rallies, at football games, and in the Memorial Day Parade. They also put on a Christmas program and play at graduation

During the year, many of the more talented members are chosen to participate in All State or All County Festivals. Others compete individually for ratings in solo competitions. President—Tom Sherman; Vice President—Bob Benjamin; Secretary—Ann Dye, Treasurer—Linda Askey.

**Back row**—John Skudlarek, Terry DeBoy, Andy Anderson, Dave Jones, Tom Valent. **Front row**—Sue Askey, Dave Heron, Joe Hogan, Carol Caruso.

# "Without Music life would be a mistake"

Any girl who wishes to sing has a chance to join one of the vocal groups under the direction of Mr. Maroney

The Junior High Chorus is open to all seventh and eighth grade girls who want to learn some of the basic techniques of singing. Girls in grades nine through twelve are eligible to join the Senior High Chorus. During their fifth period rehearsals they learn the principles of rhythm and harmony. The members of the Girls' Ensemble, chosen by audition, strive to perfect their talents.

The choruses present a Christmas program and a Spring Festival. The Ensemble also sings at various assemblies and before many local civic groups.

Girl's Rifle Club is one organization that requires a good set of ear drums for each member. The Rifle Club, under the guidance of Mr. Dugan, is organized to teach the right and wrong ways to handle a firearm. Members are taught safety rules, courtesy while hunting, and the proper care of guns. President—Carole Dolecki; Vice President—Marilyn Armstrong; Secretary-Treasurer—Jane Spako; Faculty Adviser—Mr. Dugan.

## VARSITY SHIELD

The Varsity Shield consists of Senior girls who have accumulated three hundred points or more during their sophomore and junior years through participation in basketball, volleyball, archery, and bowling intramurals. If a girl earns an additional 150 points during her senior year, she is awarded a gold pin. President—Alana Lindell; Vice President—Gail Bargy; Secretary-Treasurer—Linda Askey; Faculty Advisor—Mrs. Oyler

**VARSITY SHIELD—Back row—**Patti Bierfeldt, Carol Ball, Jill LaFarr, Jackie Bowen, Ann Dye, Julie Yehl

## AQUATIC CLUB

Oh, Mrs. Goergen, this is the third practice this week! This is a familiar cry heard when show week is only days away. Hard work is the motto of the Salamanca Aquatic Club. Without it, the annual spring show would not be the success it always is.

This year the girls worked hard to learn more new and difficult stunts to do their show "Adventures in Paradise"

This year the girls voted among themselves and chose Julie Yehl to be the show's soloist. Barbara Poole and Susan Smith compromised the duet number and Martha Kammire, Susie Oyler, and Laura Gardner formed this year's trio

More interpretation was developed within the numbers this year. New ideas plus the girls' keen imaginations and their constant hard work all help the club to reach their final goal, a perfected, successful performance. President—Julie Yehl; Secretary—Kathy Nugent; Treasurer—Dorothy Smith, Faculty Adviser—Mrs. Goergen

CONFERENCE CHAMPIONS

# Sanfilippo—Coach of the Year

Coach Sanfilippo, Salamanca High School's head coach for the past eight years, was named the area's "Coach of the Year" for the 1964 football season. He was presented with the coveted plaque at the annual sports banquet given by the Olean Times-Herald.

Mr. Sanfilippo, the first Salamancan ever to be chosen for this honor, said that he was, "proud to be picked" from the area's many fine coaches. Since Coach Sanfilippo took over in 1957, his Sallies have had 49 wins, 19 losses, and 2 ties.

Thomas George, Warrior co-captain, was runner-up in the annual Gary Sage Memorial Plaque as "Player of the Year." Two other Sallies, halfback Bruce Andrews and guard Bob Harris, were in the top five. There were forty-two players nominated from sixteen schools.

Another highlight of the '64 football season was the \$15,000, four-year athletic scholarship awarded to Thomas George by Syracuse University. Tom is considered the best quarterback ever developed by Salamanca High's athletic department. He has earned fourteen Varsity letters during his four years of high school competition.

Coach Sanfilippo discusses team strategy with co-captain, Gary Krantz.

Bob Harris, who copped fifth place in the Player of the Year Award, was a decisive deterrent in all action against the Warriors.

Bruce Andrews, who placed fourth in the Gary Sage Memorial Award, rushes for a touchdown at the Kane game.

It took 78 years for the Salamanca Central High gridiron eleven to put an unbeaten season in the record books, but the 1984 squad did it. They went through eight straight opponents without tasting defeat with only the 0-0 tie with Falconer keeping them from a perfect year.

Along the way, this fine team also established other records. They were the greatest scoring team in the school's long history of football, piling up 266 points in their 8 games, while allowing the opposition only 74. Bruce Andrews, their speedy halfback, personally accounted for 106 of these points to lead the Southwestern Conference scoring parade.

The Warriors had everything it takes to make a great football team. One of the strongest lines to ever wear the Red and Gray played outstanding football in each game. Coach Sanfilippo had a host of speedy backs who could score from anywhere on the field, and in the senior, Tom George, playing his first year as quarterback, one of the finest signal callers ever to lead a Warrior team onto a football field. With this talented array of stars, Coach Sanfilippo and backfield coach Pat Carroll molded one of the most exciting teams to ever represent the Warriors.

#### September 19 SALLIES TAME LIONS

Junior halfback Bob Nugent opened the 1964 scoring season slanting off right tackle for 17 yards for the Warriors' first touchdown. Jim Wright raced 58 yards for another before Tom George passed to Nugent for a third. George raced 52 yards with a punt return all in the first half as the Warriors showed the large crowd this was to be Salamanca's year of destiny on the gridiron.

#### September 26 SALLIES REPULSE MARAUDERS

Playing their first home game before the capacity crowd at Vets' Park, the Sallies were impressive as they racked up three touchdowns in the first quarter. Jim Wright slammed over from the 2 yard line, Bruce Andrews sped 26 yards around left end and then gathered in a 15 yard pass from Tom George for a third touchdown. Andrews and Wright both scored again in the opening minutes of the third period before Coach Sanfilippo benched them for the night as the Sallies led 39-13. Dunkirk was unable to handle the Warriors second team as Carl Bacelli and Ken Drugg added touchdowns in the last quarter. The Warriors handed Dunkirk the worst beating in the schools long rivalry with the Marauders.

#### October 3 WARRIORS TRUMP PANTHERS

The largest crowd in the School's history turned out at Vets' Park to watch the Warriors play Gowanda. For three straight years the Panthers had beaten the Sallies and many on hand thought they might be able to do it again. The first quarter was a 0-0 standoff, but quarterback George got the Sallies potent offense rolling in the second period as they crossed the Panther goal line three times. George passed to end Dick Vesotski for the first score, then sent Andrews scurrying through the Panther line for 16 yards and another touchdown. The third TD saw Jim Wright blast 9 yards right up the middle of the field for a 20-0 halftime lead. Andrews raced 29 yards for another score and then hauled in a George pass of 14 yards. Junior Jim Wright had his greatest night as he gained 131 yards in 15 carries against the outmanned Panthers.

#### October 12 WARRIORS BLAST FREDONIA

Playing on a Monday night after having their Saturday game postponed, the high flying Warriors launched another scoring parade against the Hilltoppers at Vets park. Tom George fired a 28 yard pass to Bruce Andrews to open the scoring in the first period. Jim Wright then burst through the Hilltopper line and raced 40 yards and Andrews sped 10 yards around left end as the Sallies led 21-0 after the first 12 minutes. Andrews plunged 2 yards in the second period and Wright bulled for 5 yards, both resulting in touchdowns as the Warriors led 34-7 at halftime. Andrews ended the parade in the third period as he twisted his way 51 yards on a picture run as the Warriors reached the halfway mark in their schedule without being seriously tested by any of their first four opponents.

#### October 16 SALAMANCA DOWNS TROJANS

The Warriors traveled to Southwestern to meet the stubborn Trojans. Coach Sanfilippo has a record of never losing to the Trojans at Lakewood. This axiom held true as the Warriors hit the scoreboard in the final two minutes of the first quarter when Bruce Andrews slanted off left tackle for 26 yards. Bobby Nugent followed in the second quarter with a 17 yard trip to pay dirt, and Tom George limbered up his scoring arm with a 28 yard pass to Andrews for another TD and a 19-0 halftime lead. After Southwestern scored in the third quarter, George rifled a 38 yard pass to Dick Vesotski for a touchdown. Jim Wright finished the scoring for the Red and Gray in the final period smashing up the middle 5 yards for the score.

#### October 23 TIE ONLY DISAPPOINTMENT OF SEASON

The stage was set for the battle for the Southwestern Conference Championship. The Warriors and the Golden Falks both took the field unbeaten, although Falconer and Gowanda had played a 6-6 tie in an earlier game, meaning the Warriors could win the championship with either a win or a tie in this crucial game. The largest crowd of the year at Falconer ringed the field to watch the two teams. The Warriors closest penetration came in the third period when they reached Falconer's 6 yard line, but a penalty killed their drive and Falconer took the ball on downs at the 6. Three times the Falks, sparked by their great halfback, Tom Phillips, reached the Warriors 10 yard line, but three times the Warriors fine defensive unit, led by Bob Harris, Paul Day, and Walt Eddy, stopped the onrushing Falks and the game ended in a scoreless tie as the Warriors walked off the field as 1964 Southwestern Conference Champions.

gorous daily training, heavy exercise, and constant practice shaped the outstanding 1964 football squad.

#### October 30 SALLIES VICTORS AT JOHNSONBURG

The Warriors journeyed all the way to Johnsonburg, Pennsylvania, for their seventh game of the season. Many thought if this team tasted defeat it would be in one of their final two non-league games against Pennsylvania opponents. Johnsonburg was never in the ball game as Bruce Andrews opened up the Warrior attack on the third play of the game with a 76 yard romp down the sidelines to touchdown land, and the Warriors were off and running. With Tom George passing and ends Dick Vesotski, Paul Day, and Tim Baird along with Andrews on the receiving end, the Warriors were never threatened. Fullback Jim Wright tore the Rams' line to shreds with his bull-like rushes scoring the second touchdown on an 18 yard rip up the middle, running over the last two defenders. George passed three times for touchdowns, once to Day and twice to Andrews, as the Warriors led 26-0 at halftime. The varsity played only two and a half minutes of the last half as they waited the final game at home against Kane

#### November 7 VARSITY BUFFETS KANE

Meeting a team they had been able to beat only once in the past four years, the Warriors finished their season at Vets Park in the same fashion as they had started it 6 weeks earlier. The Kane Wolves with a season record of 6 wins and 2 defeats were the last hurdle for this history making team. Kane was the team the experts said would really test the Warriors. Quarterback Tom George wasted little time in getting the Warriors out in front as he amassed 31 yards to end Dick Vesotski for the first touchdown. In the final minute of the first period, fullback Jim Wright bolted over right tackle for the second touchdown. The Warriors had a 17-0 lead in the second period when Bruce Andrews klooked a 10 yard field goal in the final minute of the quarter. It was the first successful field goal kicked by a Warrior at Vets Park in 30 years. Tom George directed the Warriors 81 yards in 16 plays in the third period. Andrews booted his third extra point of the night as the Warriors were given a standing ovation by the huge crowd in the final minute as the clock ran out on the most glorious season in the school's history with the Warriors in possession at midfield. The final play of this season saw guard Bob Harris, outstanding lineman the past two years, move to the backfield and carry the ball for four yards in the closing play for 1964

Bob Nugent, Warrior halfback, accounted for many of the points scored against opponents.

**Left to Right**—Timothy Baird, Thomas Scott, Mitchell Gray, Thomas George, Frank Pascarella, Paul Day, Terry DeBoy, Robert Nugent, Steve Taylor, Chuck Crist, Coach Carroll.

### Varsity Basketball

The 1964-1965 varsity basketball team is well on its way to another successful season. Two new records have already been established by this fine team. After sixteen games, the team rebounding mark is at 951, breaking the old mark of 912 set in 18 games during the 1963-1964 season. Senior center Tim Baird has led the way in this department having broken Jim Gamacher's individual rebound mark. Hamacher's old mark of 218 was set during 1962-1963. Baird has 246 with at least two games to go.

Another highlight during the season was Tom George's 32 point effort against Wellsville in the high school gym on February 5, 1965. George's spectacular performance tied the gym record set by Jim Hamacher in 1963.

The team to date has scored 948 points on 378 field goals and 196 foul shots for a game average of 59 points. They have limited their opponents to 326 field goals and 229 foul shots for a total of 881 points for a game average of 55 points.

Tom George is the team's leading scorer having meshed 231 points in 16 games for an average of 14.4 per game. Paul Day is next with 78 field goals and 33 free throws for 189 points averaging 11.8 per game. Tim Baird has scored 132 points averaging 8 points per game. These three seniors will be missed next season when basketball season rolls around again. The other two starters are both juniors. Mitch Gray has scored 123 points and Terry DeBoy has scored 109. These two boys will be the leaders of next year's team.

Also performing well this season and returning next year will be juniors Steve Taylor, Bob Nugent, and Tom Scott along with sophomore Frank Pascarella and freshman Chuck Crist. These reserves played an outstanding role in shaping this year's varsity by spending many long, hard hours in practice pushing the Warrior varsity toward better team play. Coach Carroll's Red and Gray quintet will again play in the Section VI Class A playoffs in March.

## WRESTLING

Coach Gereluk's wrestling team culminated the season with a 6-8 record. They piled up a total of 343 points as compared with 347 points amassed by their opponents.

The team had five experienced men back from last season. They were Craig John, Marty Seitz, Dave Green, Ed DeGennaro, and Bob Harris

The wrestlers showed great improvement as the season progressed. They conquered their first A league school, Falconer, with a 25-22 score. They also defeated Silver Creek, which was high on the pre-season favorite list.

The 1965-66 team will lose only four starters, so an even better team may be anticipated next season.

# Nine

Ten games were scheduled for the 1964 baseball season, but only six were played due to inclement weather. The Warrior nine is not in any league, so Coach Furlong was unable to secure any rain dates

Perhaps the greatest problem the team faced was that of defense. They averaged 3 or 4 errors per game. The team can be commended, however, on its fine pitching and catching. Three of the six games played were lost in the last inning. The team finished with a 3-3 record

The Jay Vee team finished with a 5-4 season. Coached by Mr. Dugan, it was a well-developed team that has many prospects for '65's Varsity

The outstanding game of the season was against Cattaraugus, when the Sally underdogs, made up of Freshmen and Sophomores, defeated the Cattaraugus Varsity. This was the Jay Vee's fourth consecutive successful season.

The 1984 Track and Field team carried on in the same tradition of Warriors teams of past years as they posted a 10 won, 1 lost, 1 tied mark. They had a perfect season within their grasp when Coach Foy suspended four regulars the night before the Wellsville meet, the final meet of the season, the Lions scored their first win over the Warriors in seven years 69½-48½

In addition to their 7 won 1 lost mark in dual competition the powerful Warriors won their sixth Southwestern Conference Championship meet at Gowanda piling up 65 points in a run-a-way against the other six Conference schools. Three conference records were set by Warriors. Jim Hamacher broke a 27 year old record in the 100 yard dash when he sped to an easy win in 10.2 seconds. In the field events Freshman Brad Brown set a new pole vault record of 11 feet 3 inches and Paul Day leaped 41 feet 2¼ inches for another record in the triple jump

The Sallies established a new county mark by copping their seventh straight County Championship at Vets Park five days later Salamanca and Olean each had won six straight titles many years ago but the 1984 Warriors made it seven years in a row. In this meet they piled up 57½ points in beating out the other twelve county schools.

A week later this finely developed squad traveled to Eden for the Section VI, Class A meet and came home with their third straight sectional championship. It was one of the Warriors easiest Sectional titles as they amassed 46 points to 27 for Fredonia and 22 for Medina as they out-distanced the other 14 Class A schools in Section VI.

The only tie on the seasons record came in the Spring Day Championship Meet at Wellsville when a disqualification of the Warriors 880 relay team allowed Corning East High to pull into a 41-41 tie in the seventeen school meet in which the Sallies were the defending champions.

Four new school records were established by this team and a fifth school record was tied. Three of the new marks were in running events. Bruce Andrews set a new 180 low hurdle record of 21.4 at Wellsville on May 18. Jim Hamacher's 10.2 mark in the 100 at Gowanda May 18 along with Jim Poole's 18 seconds flat in the 120 high hurdles at Fredonia on May 11th were the other two running records. Paul Day broke his own Triple Jump mark with his 41'7¼ inch leap at Fredonia May 11th and tied Jay Rettberg's high jump record clearing 5'11¼ inch at Vets Park in the season's opening meet on April 25th

Lowell Stallard, Sally speedster, holds the school record in the two mile.

"Drop a penny in the well, and your wish will come true." And the wish of the Class of 1965 came true when they presented "Lollipops and Roses" in the school gym on December 28.

A wishing well surrounded by pine trees, park benches, and over-sized lollipops and roses centered the dance floor. A ceiling of glittering stars overlooked tables centered with miniature wishing wells. A white picket fence surrounded the bandstand, as Al Checchi and his orchestra wafted strains of the theme song, "Lollipops and Roses", throughout the gym.

The evening was highlighted with the crowning of the King and Queen, Tom George and Jayne Fenton.

A memorable evening for all in a wonderland of "Lollipops and Roses".

Fred,  
 Just of luck and all  
 my love to my lucky BROTHER!  
 Even though I may say I love you  
 at times, I really don't mean it, honey!  
 I wish you the best of luck in school, you  
 first date, and you are 15 1/2, and 17 everything goes wrong. You  
 couple of years! It isn't all peaches and cream, I  
 know that by the way mom + dad roller at me whenever I don't  
 do something they like!! I can't study and get your dumb ass out of  
 there! Don't fool around like your dumb ass did -  
 you'll be sorry for it afterwards. You'll look  
 to be so euphoric in junior, you'll look  
 back and say "Why didn't I study now?"  
 so study now and you'll NEVER regret  
 it! I mean it!!  
 May God Bless you all the time  
 Your sis,  
 Marcia
